Chair
Randy Fiorini

Members
Frank C. Damrell, Jr.
Michael Gatto
Maria Mehranian
Susan Tatayon
Skip Thomson
Ken Weinberg

Executive Officer
Jessica R. Pearson

Our upcoming Council meeting will be held at the Holiday Inn, Granada/Hermosa Room, 300 J Street, Sacramento. The agenda and supporting materials for the meeting are attached, and some additional handouts will be provided at the meeting.

This month, the third installment of the Data to Decision-making Summer Series continues with an overview of the Collaborative Science and Adaptive Management Program (CSAMP). The Delta Science Program plays several roles in CSAMP and the Collaborative Adaptive Management Team (CAMT). Panelists Cathy Marcinkevege, Sam Luoma, and Jason Peltier will join Council staff in a joint presentation that provides a history of the establishment of CSAMP, its structure, and the role it plays as a policy/science forum.

Also included on the agenda:

- **The Council will receive an update on the Delta Independent Science Board.** Delta Independent Science Board (Delta ISB) Chair Dr. Steve Brandt will update the Council on current and upcoming Delta ISB efforts. Delta ISB Member Dr. Tracy Collier will share findings and recommendations from the recently completed water quality review on nutrients and chemical contaminants.

As always, time for public comment on these agenda items, as well as any item of relevance to the Council, will be available. If I can answer any questions or provide any information, please contact me at (916) 445-4500 or jpearson@deltacouncil.ca.gov.

"Coequal goals" means the two goals of providing a more reliable water supply for California and protecting, restoring, and enhancing the Delta ecosystem. The coequal goals shall be achieved in a manner that protects and enhances the unique cultural, recreational, natural resource, and agricultural values of the Delta as an evolving place."

– CA Water Code §85054
